PROFILE SUMMARY

Entry-Level Data Analyst with a B.Sc. in Computer Science and a Diploma in Data Analytics with Gen AI. Skilled in SQL, Python, Excel, Power BI, and DAX, with practical experience in data cleaning, exploratory data analysis, and dashboard development through hands-on projects. Familiar with basic machine learning using scikit-learn and translating data into meaningful business insights.

TECHNICAL SKILLS

SQL: SQL Fundamentals, DML/DDL, Joins, Aggregations
BI & Visualization: Power BI, DAX, Tableau
Excel: PivotTables, VLOOKUP/XLOOKUP, Power Query
Python: Pandas, NumPy, Matplotlib, Seaborn
Data Analytics: Data Cleaning, Exploratory Data Analysis (EDA), Data Modeling, KPI Reporting, Dashboard Development

SOFT SKILLS

Analytical Thinking, Problem-Solving, Attention to Detail, Communication, Time Management, Teamwork, Adaptability

EXPERIENCE

Data Analytics Intern Present
Quest Innovative Solutions (QIS), Kannur

- **Excel:** Worked practical assignments involving data cleaning, formulas, PivotTables, and data analysis.
- **SQL:** Practised writing queries to retrieve, filter, join, and aggregate data from structured datasets.
- **Python:** Worked on data cleaning, missing-value identification, data preprocessing, and exploratory data analysis using Pandas and NumPy.
- **Power BI:** Completed practical assignments involving Power Query, data modeling, DAX measures, and interactive report development.

PROJECTS

HR Employee Attrition Analysis Dashboard (source)

- Developed a 4-page interactive Power BI dashboard to analyze employee attrition, satisfaction, demographics, and job-role performance.
- Cleaned and modeled the data and created DAX measures to examine attrition patterns across overtime, work-life balance, tenure, and income.
- Implemented KPI cards, drill-through, and interactive visuals to support detailed HR analysis.

Flight Delay Analysis Dashboard (source)

- Analyzed flight data using Python and Pandas to explore delay trends and differences in airport performance.
- Performed data cleaning, preprocessing, and exploratory data analysis to prepare the dataset for analysis.
- Built an interactive Power BI dashboard featuring KPIs, delay trends, airport performance metrics, and DAX measures.

Global Hypercar Sales Analysis (source)

- Cleaned and organized hypercar sales data to examine sales performance across different models.
- Developed a Power BI dashboard using DAX and KPIs to explore sales patterns and market trends.

CERTIFICATIONS

- Advanced Diploma in Data Analytics with Gen AI (Quest Innovative Solutions, 2026)
- Google Data Analytics Professional Certificate (Coursera, 2026)
- Tata Group GenAI Powered Data Analytics Job Simulation (Forage, 2026)

EDUCATION

B.Sc. Computer Science — College of Applied Science, Kuthuparamba 2022 – 2025
Higher Secondary Education — GHSS, Kuthuparamba 2020 – 2022

ACHIEVEMENTS

- Served as an AI Club Representative at the College of Applied Science, Kuthuparamba.
- Secured second place in a pencil drawing competition.
